COORDINATING COMMITTEE

UNITED NATIONS INTERNATIONAL CHILDREN'S EMERGENCY FUND.

ORDER PLACED IN THE UNITED KINGDOM.

RECORD OF DISCUSSION

5th December, 1951.

1. The UNITED KINGDOM delegate informed the Committee that the following equipment had been ordered in the United Kingdom by the United Nations International Children's Emergency Fund for their Polish Programme:

2. 1 Speedivac 2S20 outfit with 1/8 h.p. motor for 220 volts, A.C. single phase, 50 cycles. £35. 4. 0.

1 Speedivac 2S50 outfit with 1/3rd. h.p. motor for 220 volts, A.C. single phase, 50 cycles. £74.16. 0.

6 2oz. tubes silicone high vacuum grease £3.15. 0.

3. The rotary pumps were covered by Items 1132 and 1109 on List I and the grease by Item 1755.

4. The Fund had informed the Foreign Office that one of their (British) officials had just returned from Poland where no difficulties had been put in the way of his inspection of the Fund's equipment. On the contrary, things had been made easier for him than on his previous visit.

5. In view of these assurances His Majesty's Government considered that this equipment could be exported in accordance with the understanding reached in the Coordinating Committee when exports under the U.N.I.C.E.F. programme were previously discussed. They would, however, welcome the views of the Committee and they hoped that these could be given at an early date.

6. It was agreed that all delegates would try to give their Governments' views on the 13th December.
